

CERTIFICATE PROGRAMS

Modules	Personal Development and Social Skills	Business and Management	Education and Digital Pedagogy	Digital Literacy	Network Administration	Cybersecurity	Artificial Intelligence and Data Analytics	Databases	Robotics	Programming	Computer Graphics and Design	Information Technology
1	Social Skills Training Series – Effective Communication	Export Specialist Certificate Program	Use of Artificial Intelligence in Education	Principles of Digital Security and Protection	Networking Fundamentals (CCNA-based)	Introduction to Cybersecurity	Introduction to Data Science with Python	Introduction to Databases and SQL Fundamentals	Introduction to Robotics	Frontend Programming	UX/UI Design – Human–Computer Interface	Help Desk and Technical Support
2	Social Skills – Leadership and Team Management	Digital Transformation and Business Models	Digital Awareness	Digital Communication Tools	Computer Networks (CCNA v7)	Ethical Hacking	Data Analytics and Visual Reporting	Relational Database Design (ER Model)	Arduino and Embedded Systems	Backend Programming	Fundamentals of Graphic Design	System Administration
3	Secrets of Digital Communication	Project Management (PM Fundamentals)	Educational Technologies and LMS Systems	IoT and Digital Transformation	Computer Networks – Advanced Level (CCNP Enterprise v8)	CyberOps Associate	Machine Learning	Data Analysis and Query Optimization with SQL	Intelligent Systems and Automation	Full-Stack Development	Motion Design	Cloud Technologies (AWS-based)
4	From CV to Career: Professional Development Strategies	Business Statistics and Analytics with SPSS	Web 3 Tools		Network Security and Management	Artificial Intelligence Security Solutions	Deep Learning	Oracle / PostgreSQL Database Administration (DBA)				
5			VR–AR Technologies				Applications of Artificial Intelligence	NoSQL Systems and Big Data				

CERTIFICATE AGENDA

PERSONAL DEVELOPMENT AND SOCIAL SKILLS

Modul

- Social Skills Training Series – Effective Communication
- Social Skills – Leadership and Team Management
- Secrets of Digital Communication
- From CV to Career: Professional Development Strategies

BUSINESS AND MANAGEMENT

Modul

- Export Specialist Certificate Program
- Digital Transformation and Business Models
- Project Management (PM Fundamentals)
- Business Statistics and Analytics with SPSS

Join Now

- Introduction to Cybersecurity
- Ethical Hacker
- CyberOps Associate
- Artificial Intelligence Security Solutions

EDUCATION AND DIGITAL PEDAGOGY

Modul

- Use of Artificial Intelligence in Education
- Digital Literacy
- Educational Technologies and LMS Systems
- Web 3.0 Tools
- VR and AR Technologies

DIGITAL LITERACY

Modul

- Digital Security and Protection Principles
- Digital Communication Tools
- IoT and Digital Transformation

NETWORK ADMINISTRATION

Modul

- Networking Fundamentals (CCNA-Based)
- Computer Networks (CCNA v7)
- Computer Networks – Advanced Level (CCNP Enterprise v8)
- Network Security and Management

ARTIFICIAL INTELLIGENCE AND DATA ANALYTICS

Modul

- Introduction to Data Science with Python
- Data Analytics and Visual Reporting
- Machine Learning
- Deep Learning
- Applications of Artificial Intelligence

Modul

- Introduction to Databases and SQL Fundamentals
- Relational Database Design (ER Model)
- Data Analysis and Query Optimization with SQL
- Oracle / PostgreSQL Database Administration (DBA)
- NoSQL Systems and Big Data

Programming

- Frontend
- Backend
- Full-Stack Development

PROGRAMMING

PROGRAMMING

Computer Graphics and Design

Modul

- ✓ UX/UI Design
- ✓ Fundamentals of Graphic Design
- ✓ Motion Design

Information Technologies

Modul

- ✓ Help Desk
- ✓ System Administration
- ✓ Cloud Technologies (AWS-Based)

Robotics

Introduction to Robotics

Robot ProgrammingGiriş

Intelligent Systems and Automation
